

H. C. L. AND PROFITEERING

The people have in their own hands the means of defeating the profiteers. Don't buy what you consider is "Robbery." People of New England can bring the price of any commodity down. Don't take any stock in the promises made by politicians and so-called investigations. Start the drive against them in the home. Congress is more interested in sparring for political advantage and 90 per cent of the talk is pure "bunk." It is about time for the people to take action. There will be no harmony or normal conditions as long as the profiteers go unchecked.

DANIELS SENDS OFFICIAL ORDER TO BUILD SUBS.

Will Be Numbered 163, 164, 165; First Keel to Be Laid in October.

The official order which given the construction of the three fleet submarines to the Portsmouth navy yard was received from the secretary of the navy today. These subs will be numbered 163, 164, 165 while under construction and will be twice as large as the "E" type now building at the yard. They can be compared in size with the German submarine U-119, brought to the yard from England last year.

Commander H. S. Howard of the construction corps who will have charge of the building, will shortly leave for Washington where he will be located in the Bureau of Construction and Repair for two months or more in connection with the perfecting of plans of the three boats. The preliminary work will take several months and the first keel will not likely be laid before October. Everything that is modern in submarine construction will be applied to these three boats. It is understood that the navy department wants no delay in the work once the ships have been assigned and will instruct each yard to push it as fast as possible.

With a good submarine building crew now working at Portsmouth, the local yard should be able to show the department and other yards some record on the three boats.

REVOLUTION SPREADS THROUGHOUT GERMANY

Troops Kill Many Citizens--Soviets Take Over Some Cities

(By Associated Press)

Stuttgart, March 15.—Refusal to negotiate with the reactionary faction headed by Dr. Kapp, head of the new government at Berlin, was decided upon here today by a council of the old cabinet over which President Ebert presided. Unconditional resignation of leaders of the new government was demanded by the Ebert cabinet. Announcement was made that the Ebert government was in contact with almost all points in Germany. "The constitutional government," reads an official announcement, "refuses to negotiate being responsible to the people for the maintenance of the constitution and negotiations would only occasion distrust and confusion and would prolong disorders."

Germany's two governments, the new in Berlin and the old in Stuttgart, still locked in a struggle for supremacy. While reports through Paris today indicate that negotiations are in progress for a compromise the Ebert government is equally positive that no compromise can be considered. On the face of the announcement by the rival governments today promised to witness the beginning of a determined contest for control.

Civil war seems imminent in Germany as a result of the refusal of the Ebert government now sitting at Stuttgart to carry on negotiations with the reactionary regime which ceased power suddenly last Saturday morning. Unconditional resignation of

the men directing the new government is demanded by President Ebert who announces he will continue to direct the affairs of the troubled country. The German National Assembly will meet in Stuttgart tomorrow afternoon at 4.00. Berlin is in the grip of a general strike called by Socialists and labor leaders as a counterstroke to the assumption of power of the new government which has issued a decree threatening all strike leaders with death if there is interference with vital public services. Extreme measures will be taken under the decree from 4.00 this afternoon and it is possible the crisis of the new revolution will quickly follow. Details of the situation throughout Germany are somewhat obscure but there seems to be reason to believe the Ebert government is still holding control in the southern and western section while the new regime is rather firmly entrenched in northeast Prussia and in Silesia, where many towns and cities are reported to have declared their adherence to the new government. Fighting is reported at various points throughout Germany and it is said there was bloodshed in the suburbs of Berlin yesterday but it would seem the clashes so far reported have been between military units and disorderly crowds. So far as known armed forces of the two governments have not come into collision.

Berlin, March 15.—Fighting occurred again yesterday afternoon in various parts of Leipzig especially near the general postoffice and a number of persons were killed or wounded. A dispatch from that city declares. The middle of the town has been entirely cordoned off by troops the despatch adds.

The Hague, March 15.—Holland so far has recognized only the Ebert government of Germany and is dealing only with representatives of that regime here. It is learned from government sources. No other action will be taken by the Netherlands government until the present chaos in Germany is ended. The Dutch government has slightly strengthened the guard at the German frontier. A particularly close scrutiny is being made of automobiles.

"GRANDMA" SIMS CONTINUES TO BELITTLE NAVY

His Testimony Looks Like Case of Sour Grapes

(By Associated Press)

Washington, March 15.—A little blarney on the part of the Germans in 1918 at the crucial point of the war would have paralyzed transportation of soldiers and war materials between this country and Europe, Rear Admiral Sims told the senate naval subcommittee. Information from authentic sources indicating that the Germans were building two heavily armed modern battle cruisers for a desperate last raid against troopships was transmitted to the navy department, Admiral Sims said, and immediately he was besieged with cablegrams from Washington, outlining various plans of action all of which he testified was impracticable although such a contingency had been under discussion for nearly a year and there had been ample time to prepare. "If the enemy had only known," said Admiral Sims, "all he need have done was to make a series of bluffs involving little risk to himself and we would have done the rest. Shipping would have been paralyzed."

COUNTER REVOLUTION IN GERMANY FALLS FLAT

Agreement Reached By Which Ebert is to Remain in Control

(By Associated Press)

Berlin, March 16.—The counter revolution in Germany appears tonight to have reached the end of the road. There is a strong probability that both governments will be in control and that President Ebert will come back to Berlin with his ministers.

A basis of agreement between the government set up in Berlin by Wolfgang Kapp as chancellor and the government of Ebert is set forth in a declaration issued by the powers at Berlin today. Announcement is made that negotiations with settlement in view has been opened between the two governments at the instance of President Ebert and his associates, but no direct confirmation has been received from Ebert who is understood to be at Stuttgart.

Chancellor Kapp is agreeable to the continuing of President in office. He renounces the formation of a new ministry and places the direction of affairs in the hands of the under secretary of state. Kapp wants a cabinet made up of professional ministers or experts, all elected with two months to the Reich-

stag and the Prussian National Assembly and the subsequent election by the people of an imperial president. Until then the Ebert government shall hold the reins of the Government.

A significant clause is that the new and old government shall issue a joint resolution that under present conditions a general strike is a crime against the people of Germany. It was Ebert and his ministers who called upon the people for a general strike and it met with an instant response, labor at once taking this means to reject the reactionary government set up by Kapp.

Although the revolution was the most orderly in the history of a great country, it was never the less accompanied by bloodshed. In various cities there was fighting between the mobs and the troops and many were killed and many wounded. In the suburbs of Berlin today there was fighting when the troops turned machine guns and rifles on the crowds, and night hand grenades are said to have been thrown from roofs in front of the headquarters of Gen. Leutwitz, minister of Defense.

KITTERY

Kittery, March 16.—The monthly business meeting of the Red Cross Public Health Committee of Kittery and Eliot was held on Saturday evening at the home of Oliver J. Burnham. Routine business was transacted, including the report of the nurse, which showed 17 cases attended with 25 visits made; also 3 visits to school and 15 pupils examined. The fact that Miss Peck was ill the first two weeks in February lessened the amount of work accomplished. At the town meeting on Monday \$500 was appropriated to assist in carrying on the work.

Master Charles Paul of Robinson street is ill with tonsillitis.

Mrs. Florence Newry who had work was operated on for appendicitis at Dr. Knapton's hospital, is slowly recovering.

J. C. Stone passed the week end with his family in Biddeford.

Mr. and Mrs. George A. Leavitt of Dana street are passing several weeks with relatives in Massachusetts and Rhode Island.

Mark Bonder of Manchester was in town on Monday on business.

Mrs. Abbie Emery of York Beach was calling on relatives in town on Monday.

Charles Gerry of Providence, R. I., is passing a few days here with his

parents, Mr. and Mrs. Ralph Gerry. Lawrence Bonney of Biddeford street was so far recovered from his illness as to go to his home in Oxford, Me., and was accompanied by his mother who has been here for several weeks caring for him.

The names of Ray Latta, a pupil at the Wentworth school, who had a perfect record for attendance for the all term, was unintentionally omitted in the town report list of names. Prayer meeting will be held this evening at both local churches.

Miss Emily L. Shaw resumed her duties in Portsmouth on Monday after a few days' illness.

Monday's town meeting proved to have the largest attendance noted for quite a number of years. Wentworth hall being filled. Among the number were quite a few ladies, this being the first time they have been invited to attend. Pupils from Tripp Academy, both boys and girls, were also present.

Ray J. Keene is passing a few days in Durham, N. H.

Mrs. John Miller of Cottle's Hill fell on the ice on Main street on Sunday and was badly shaken up, requiring the services of a physician.

Adrian Bowdoin has been passing a few days in Somersworth.

I. O. O. F. NOTES

Riverside Lodge of Kittery is the banner lodge of the State, having taken in 103 new members the past year. The nearest competitor taking in but 81. The Grand Master has issued a circular letter commenting on this event.

Drugs Encampment confers the Royal Purple Degree on a class of candidates Friday evening.

Riverside Lodge conferred the Second Degree on three candidates last evening and several applications were received. After the meeting refreshments were served and a general social time enjoyed by a large and appreciative audience. This lodge is becoming known for its "parties" being held after the regular session.

The committee which visited Swampscott Lodge to witness the Initiatory Degree as conferred by the Elphinstone team reported that the work was beyond their expectations and that every hospitality was extended to them.

Plans are being made to entertain this team by Riverside Lodge, at an early date, probably on the evening of April 3rd. Every member of the Order should see this team work.

Richard Brown Lodge of Lynn confers the First Degree at the District Meeting and before the Grand Officers of Massachusetts on Thursday evening, March 18th. A number of

members from Kittery are planning on visiting Lynn on that date.

Canton J. H. Dearborn No. 6 of Biddeford is holding a Battalion meeting in their armory this evening. A detail from Canton Hayes will undoubtedly attend.

The Department of Maine, Patriots Militant, is holding a school of instruction for officers and men in Brunswick, Saturday, March 20th. The banquet will be in the evening at the Hotel. Officers and members from Canton Hayes will be present.

N. DAKOTA DELEGATES MAY GO UNINSTRUCTED

Bismarck, N. D., March 16.—Voters of North Dakota will cast their ballots in a presidential preference primary today. Senator Hiram Johnson of California appears alone on the ballot as a candidate, but the campaign managers of other Republican candidates have announced that they are confident the delegation will go to the Chicago convention uninstructed.

Democrats of the state offered the name of William Jennings Bryan as their nominee, but he withdrew and this made sure that the Democratic delegation will go uninstructed.

Major-General Leonard Wood and Gov. Frank O. Lowden of Illinois refrained from filing nominations after one of the four meetings held by Republicans had voted that delegates to the national convention should go uninstructed. Two other meetings of Republicans endorsed Senator Johnson.

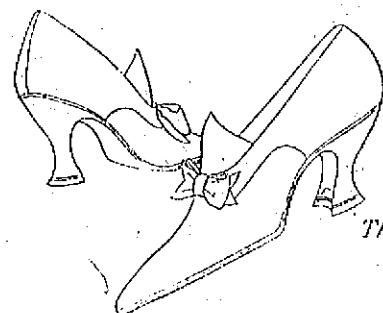

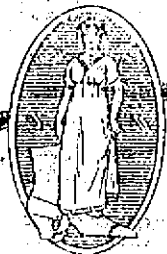

DESTROYER MAKES 22 KNOTS AN HOUR

Provincetown, March 15.—The U. SENATE ADOPTS THE LODGE RESERVATION

Solid Republican Vote With
14 Democrats Adopts Re-
publication Reservation.

(By Associated Press)
Washington, March 15.—Re-affirming its disagreement with President Wilson on the dominating issue of the Peace Treaty controversy, the senate late this afternoon adopted by a vote of more than two to one the new article ten reservation framed by the republican leaders. Its action brought to an end, for at least the present the protracted efforts to reach a compromise and the senate's decision is taken to hasten the treaty to its final end, from when it can only be brought up again by the people at the polls in November.

Fourteen democrats voted with the united republicans but the defection from the Administration forces fell far short of enough to ratify. It was conceded that others would turn from the administration but the democratic leaders backed by the definite assurance of the President that the new ratification would not be acceptable kept them in line.

The final vote was 66 to 25 which shows on its face a two-thirds vote but it does not mean that two-thirds will vote for the ratification of the treaty as the republican irreconcilables holding about a score of votes, will vote to kill the treaty in the final action.

Washington, March 15.—Paving the way for a final vote on the reservation to Article 10, the Senate today rejected, 66 to 25, Senator Prologhuyen's substitute proposing summary disavowal of all obligations.

The reservation worked out, but not agreed to, in the bi-partisan conference was offered by Senator Kirby, Democrat, Arkansas, and was rejected, 66 to 31. All the Republicans and Senators Gore, Reed, Shields, Williams and Harrison, Democrats, voted against it.

The Senate also promptly rejected, 66 to 30, the substitute reservation drafted by former President Taft, which was offered in the bi-partisan conference by Senator Hitchcock and presented to the Senate by Senator Kirby. The Taft draft disavowed any legal obligation, but gave Congress power to act under a moral obligation.

Without a record vote the Senate rejected Senator King's substitute declaring that no obligation would be assumed in advance by the United States, but that Congress would consider recommendations of the league council to protect territorial integrity of any league member.

Roasting

IT is said good cooks are "born," not "made." But we do know that intuition plays a big part in good cooking.

The noted chef knows to an instant when a roast is perfectly done. And the good coffee roaster knows, to a fraction of a minute, just when the coffee is perfect.

He knows the exact moment when the proper percentage of moisture has been extracted from the coffee bean.

La Touraine Coffee is always perfectly roasted. The greatest care, combined with exacting watchfulness; the most up-to-date and modern roasting cylinders, together with years of experience, give to La Touraine its rich color, its distinctive flavor and real coffee goodness.

ANY ONE OF FIVE SHOTS WOULD HAVE KILLED

(By Associated Press)
Greenville, Me., March 15.—An autopsy performed today by Medical Referee Philham and Dr. C. F. Hall, on Robert C. Moore, for whose alleged murder William Pomeroy and J. C. Scott, woodsmen, are held here. The Medical men refuse to make any statement other than that any one of the five shots would have been sufficient to have killed him. Mrs. Moore, who was wounded is expected to recover, and today she was able to make a statement, but it was not made public, other than the statement that she did not know of any trouble between the two men and her husband. The authorities found \$400 in the trunk in Moore's home and they are inclined to hold to their first belief that robbery was the motive.

GOOD BUSINESS IN SO. AMERICA

Buenos Aires, March 15.—Daniel C. Wing, a banker of Boston, Mass., who has been making a tour in Brazil and Argentina to look over business prospects and establish branch banks, is quoted here as saying the business outlook in South America seems very good.

"With an improvement of our shipping facilities," he said, "the United States should be able not only to hold its present volume of trade but to increase it. American business men are studying this field more carefully than ever before and they are going to take more pains henceforward to hold it, to develop it and to understand it."

Mr. Wing said the one thing necessary was that more Argentines should visit the United States.

FOOD RELIEF FOR EUROPE

Washington, March 15.—Food relief for Europe was assured today when the House authorized the U. S. Grain Corporation to sell to Poland, Austria and Argentina 5,000,000 barrels of soft wheat flour, on long-term credit. The vote was 216 to 12.

A detachment of forty United States Marines, under command of First Sergeant Philip S. McCaffrey of Kansas and including Sergeant Orville Johnson of Fresno, Cal., a nephew of Senator Hiram Johnson, arrived in New York yesterday by the French liner Niagara.

They are veterans of the war and their final duty in France was guarding the Lafayette radio station near Bordeaux. It is said to be the largest in the world, consisting of eight towers 350 feet high, built by the United States and turned over to the French Government.

Republican Voters at Presidential Preference Primary Declare For Him.

St. Paul, Minn., March 15.—Incomplete returns on that night's republican presidential preference primary gave heavy pluralities to Gen. Leonard Wood and showed Senator Hiram W. Johnson and Gov. Frank O. Lowden running closely for the secondary votes.

Because of the brief time given for voting and unfavorable weather in some sections voting was comparatively light.

Although Wood ran second to Johnson in some of the Minneapolis and St. Paul precincts, the former continued to increase his state-wide margin, on the face of returns from more than 100 scattered precincts. The total on these was Wood 1359; Johnson 800; Hoover 576; Lowden 517. Hoover received numerous "sticker votes" in Twin cities precincts.

Growth of Independent Voting.

Shortly before the date for the primaries for the choice of delegates to the national conventions this paper reminded its readers of their duty to take part in the voting and not to stand aloof, and afterward growl about the work done by those who took the trouble to go to the polls.

It was good advice, and its application should not be restricted to the primaries. It is the duty of voters to record their convictions both at the primaries and the elections, and this should be done conscientiously. In casting his ballot the voter should exercise judgment and not consider himself a mere cog in a machine.

To a large number of American voters the day for voting the party ticket through thick and thin is past. There are many who still stick to that foolish practice, but its hold upon the masses is not what it once was. Experience has taught and is still teaching that the party label is not the whole thing and that if the best men are to be placed in office the voters must use judgment and discrimination and support candidates that can be trusted to place the public interest above mere party interest in case they are elected.

At the time of the Civil war and for many years thereafter party spirit ran high. It was natural that this should be so, for the issue in that great struggle was one on which practically every man had strong convictions, and these could be best expressed by voting the party ticket. But those days are past and gone and there is no longer any excuse for hide-bound partisanship on the part of citizens seeking only the public good and not the advancement of personal or political ambitions.

Conditions are very different today from what they were forty and more years ago. There is nothing like the slavery question before the country, but there are other questions of great importance upon which men are dividing according to their views. These questions are causing many men to regard lightly, if not entirely to discard, the bonds of partisanship and to take their stand as their own judges in the matter of political action.

This spirit of independence has been growing rapidly in recent years and is stronger today than ever before. While the majority of voters are yet members of the different parties, they do not feel obligated to vote the "straight party ticket" as they did in other days. They vote as their judgment dictates and are aware that the scratching of a ticket is not the unpardonable sin which it was once considered to be. Straight party voting requires no intelligence or knowledge of affairs. It is only necessary for the voter to know that his ballot suits the "boss."

But independent voting is quite another matter. To vote independently and intelligently the voter must know something of the candidates and issues and base his action upon his knowledge. Parties are necessary, and when their programs and candidates appeal to one's convictions it is proper to support them. But to support them blindly is folly, for which reason the growth of independent voting is not a dangerous symptom in American politics.

The New Hampshire soldiers, sailors, marines and nurses who served in the World War will soon receive the bronze medals and engraved certificates to be given by the state as a testimonial of its appreciation of their work and sacrifices in the mighty struggle. And the tokens will be appreciated at their worth.

The price of eggs is coming down. Milder weather is stimulating the activity of the hens and large shipments from the West are having their effect. Fifteen car loads were shipped from San Francisco the other day for New York.

A lot of miners and operators have been indicted in Indiana on the charge of conspiracy in violation of the fuel control act. This would indicate that the offending which results in such exorbitant prices for coal is not all on one side.

There are to be sharp advances in the cost of bathhouse accommodations at the Boston beaches this season. Thus will the habit of personal cleanliness be made to feel the pressure of the times.

It is now claimed that old and abandoned orchards can be rejuvenated at a profit, but in most cases it would probably be cheaper and more profitable to replace them with new trees.

A ship arriving in Boston lately from Great Britain brought a cargo valued at \$13,000,000. Egyptian cotton and Australian wool were important parts of the cargo.

Will selling Germany on her feet to enable her to pay her debts be altruism or business?

Labor demands are not confined to this country, according to a dispatch from Rome, which says the maid-servants of Italy are demanding two weeks' vacation annually with double pay during their absence, owing to the expense they will be under while away. They also demand two cigarettes a day throughout the year. But not in all countries are such demands met as they are in the United States.

HAVEN PARENT-TEACHERS MEETING

Two hundred members of the Haven Parent-Teachers Association held an enthusiastic meeting at the Universal vestry last evening.

Mrs. Walter Woods, chairman of the Membership Drive committee, reported 507 members. A letter was read from a prominent Portsmouth business man, Mr. Morris C. Foye, in which he donated a generous gift of money to the Association. It was voted to use this sum to establish a fund to be known as the Morris C. Foye Library fund to buy books for the Haven school library. The Association also voted to hire a piano for the use of the school. A generous contribution was also voted to the College Club to help them finance the establishing of a movie machine at High School.

After some lively discussion on further plans of the organization a fine entertainment was presented led by Mr. Ernest Dittus with community singing and followed by Mr. and Mrs. Harold Shaw, drama and play and the Haven Trio, Caswell, Conover and Gray, in their indelible song hits.

Refreshments of ice cream and assorted cake were served under the direction of Mrs. Richard O'Brien. The men of the association who were charter members furnished and served the tea cream.

PORTSMOUTH BOY PICKED TO COACH THORNTON ACADEMY

Portland, Me., March 16.—Thornton Academy will have a new director of athletics and if the trustees confirm the appointment, Arthur P. Davis of Portsmouth, N. H., will be the man to succeed Ralph N. Sanborn, who goes to the Augusta Y. M. C. A. Out of a number of candidates who wished to succeed Sanborn, six were finally selected and carefully looked up. "Art" Davis appeals to the committee as the best of the applicants and his election has been recommended.

Arthur P. Davis, popularly known in college as "Duke," will graduate from N. H. college in June. He has, however, taken so many extra courses, that he is now within a few hours of having enough points for graduation. It is understood that he has the permission of the faculty of the college to be released from college duties and to take up his work at Thornton on April 1. As an athlete he has been one of New Hampshire State's best. He entered the college from Portsmouth High in the fall of 1916. He has played four years on the varsity basketball team, two years on the varsity football team and year on the varsity baseball team last season.

Davis' best work has perhaps been done in basketball as he has been captain for the past two seasons in that sport and his playing of basketball has attracted the notice of many outside college coaches. He was a clever man in the backfield on the football team turning a good season on halfback on N. H. State's crack eleven of 1919. He has also tried out for track and considerable was expected of him had he remained in college for the outdoor spring meet this year. His loss from the baseball squad will be a real one and the students are not anxious to have him accept the Thornton position. Thornton, however, is getting a splendid college man as the head of her athletic department, a man who will stand for the best things in clean sport.

The Hague, March 16.—A Dutch torpedo boat has arrived in the harbor of Custerland, Wexingens Island, to guard the former German Crown Prince according to the local press.

NAVY YARD NOTES

That Order for Subs
That order for subs will not prevent the discharge of workmen at the navy yard. We must have more work to keep the present force.

Pull Up Sailor's Bag
Another find by the fishermen grubbing for junk along the yard waterfront is a sailor's complete rig in the regulation bag which no doubt was lost overboard while being carried ashore.

Eight in Reserve
All of the mine-sweepers, eight in number, are now in reserve, and a good part of the crews who were serving as duration of war men, discharged. The others will likely be sent to join the fleet at Guantanamo Bay, Cuba, or on the west coast.

Games Tonight
The Navy League basketball games tonight at the State Armory will be contested between the Stirling and Eagle second team and the Griddle and Eagle No. 16. These games will be the last of the series with the exception of one more battle and will be lively every minute.

Waiting for the Game.
The basketball team representing Building 89, appear to be anxious to clash with the Portsmouth professional and still likely have the opportunity. The fans at the yard believe that 89 will make the Cragen team travel and are at high pitch over the proposed contest. A few are said to be ready with side bets on the game.

Much of It Not Moved
Owing to the railroad embargo most of the surplus and condemned material purchased at public auction in January has not yet been moved from the yard by out of town parties.

Held Up the Trains
The two trains on the return trip from the navy yard this morning were held up for some time at Kittery Jet on account of the open draw in the Portsmouth and Kittery bridge.

Will Meet Building 89
A basketball team will be picked from among the enlisted men of the navy yard league and games arranged with Building 89. They will play for the best two out of three.

Will Release 60
Sixty-eight will be discharged from the prison during the present month. Sixty-five will go out of the service and three restored to full duty.

COURT TO HEAR ALL ARGUMENTS

Supreme Body Will Give All Chance to Be Heard on Prohibition.

Washington, March 16.—All phases of the prohibition question will be heard by the supreme court before handing down its decision upon the validity of the prohibition amendment and the Volstead enforcement act.

Having heard arguments in the Rhode Island, Kentucky and Massachusetts cases the court yesterday granted the state of New Jersey permission to institute original proceedings to test the amendment. It also fixed March 29 for hearing arguments in the New Jersey proceedings on appeals by Christian Polgenspan, a Newark, N. J., brewer, and on government appeals in injunction proceedings against the Manitowoc Products company, a Wisconsin concern. The two appeal cases apply principally to the validity of the prohibition amendment insofar as it relates to the manufacture of beer alleged to be non-intoxicating. The government won the former, but lost the latter case in the lower courts.

The court also took under advisement motions asking that arguments be heard on appeals involving interpretation of the amendment and the Volstead act docketed yesterday from New York and San Francisco. The former appeal resulted from the denial of injunctions to prevent federal agents from seizing intoxicating liquors designed for private consumption but held in storage.

In view of the multiplicity of requests for hearings, the court postponed a two week recess planned to begin March 29.

Solicitor General King announced last night that in New Jersey suit he would file the same motion as presented in the Rhode Island case. This motion contended that the question at issue were not justifiable and that the court lacked jurisdiction to hear the suit.

EXPECT NEW GERMAN GOV'T. TO FAIL

(By Associated Press)
Washington, March 16.—Official advices to the State Department from Berlin state some officials there had expressed the belief that the new government would last but a short time and that Ebert and his government were sure to return to the capital soon.

HOLD DOCTOR ON MORPHINE CHARGE

Dr. John W. Schafer of South Berwick, Me., was arrested in the Dover

railroad station and brought to Concord for arraignment before Commissioner Hodgman charged with unlawfully selling morphine.

It is alleged that Dr. Schafer made the sale to an internal revenue deputy. Morphine, with a market value of \$1, was sold by Dr. Schafer for \$16, according to the revenue officers. When searched the officers claim that Dr. Schafer was found to have 1,600 grains of powdered morphine in his possession.

STRIKE CLOSES FALL RIVER MILLS

(By Associated Press)
Fall River, March 16.—The strike of doffers which was begun yesterday in 19 cotton mills here continued today. Union officials claimed that additional workers had joined the strike while the executive committee of the Manufacturers Association conceded the loss of employees in some mills but contended they had gained operatives in others. Two mills which closed yesterday were not reopened today.

EXETER

Exeter, March 16.—The Fraternity lodge of Rebekahs will hold a box party at their regular meeting on Wednesday evening.

A coming event of interest is a "Southern Cinderella" which will be presented by the teachers of the Robinson seminary next Saturday evening in the school assembly hall.

The Swanscott lodge, Knights of Pythias, held a meeting last evening to lay plans for its coming anniversary, which will be held on the evening of April 5 when the lodge will be 10 years old.

A St. Patrick's party will be held by the Swanscott circle, O. P. of A. at their next meeting Thursday evening.

In one of the closest basketball games of the season Saturday evening, the Pingree Legion defeated the Port Constitution team in the town hall 10 to 9.

SHIPPING BOARD CHAIRMAN RETIRES

Washington, March 16.—John Barton Payne retired Monday as chairman of the shipping board and was sworn in as secretary of the Interior, succeeding Franklin K. Lane, who retired on March 1.

Mr. Payne was replaced on the shipping board by Rear Admiral William S. Benson, retired, who, it is expected will be elected chairman.

Exports of leaf tobacco to United Kingdom, covering a three-year period were as follows: 1917, 125,000,000 pounds; 1918, 71,000,000 pounds, and in 1919, 251,000,000 pounds.

FINE LENTEN LECTURE AT CHRIST CHURCH

A helpful and inspiring sermon was delivered Monday evening at the Lenten service at Christ church by Rev. George B. Woods of Haddford. The text was Acts 16:30, "What must I do to be saved?" Mr. Woods spoke in part as follows:

"An man in all ages has realized that he is more than a mere body with a mind, and possessed of a spirit or soul, and that he was not created simply to satisfy the present body, the question has come to him, 'What must I do to be saved?'"

The world has given various answers to this question, and their ideas have sometimes had their influence on Christian people and caused them to drift from the principles of religion.

Some say that the doing of good works, engaging in social welfare work and the study of beauty and art will accomplish salvation. While these things are good and uplifting, real peace of the soul is not obtained by them alone. God, who created us has given us the definite answer. By giving ourselves to Him, and with the aid of His power we may accomplish great works. Our Saviour came to this earth and suffered that he might reach the hearts of men, and establish his kingdom here.

"Many people deny the existence of sin and believe that mankind will gradually raise themselves to perfection by their own efforts. But this theory has been as unsatisfactory as salvation by good works. Only by sor-

THE HERALD HEARS

That wheels are fast taking the place of runners.

That the town meeting at Kittery on Monday was one of the most important in the history of that town.

That Albert O. Brown, one of the republicans, who aspires for the governorship appears to have some active following in this city.

That the team of basketball players from Building 89 at the navy yard, will not rest until they try out against the Portsmouth professional team.

That to settle this argument of the championship of the city, a game should be arranged.

That seventeen teachers in the school department of Rochester could not reach that city last week owing to the tie-up in transportation causing a closing of the schools.

That William E. Smallton of Profile Country Farm, Rochester, claims the latest and best egg-laying record.

That he has eight cross-bred pullets hatched in May that laid 105 eggs in January and 126 in February.

That the question of February 20th being birthdays, was recently answered by Edward C. Neal of Rochester, N. H., who said he had an aunt on his mother's side, whom he last saw in 1889 when she told him she had 15 birthdays.

That the navy tug Fenwick has been called on to do considerable emergency work outside the navy during the past winter.

That the delays at Rockingham of the Portsmouth train due here at 6:15 p. m. are now more numerous than ever.

That Portsmouth passengers put in an hour or more there on Monday.

That the railroad officials say the company must make concessions as advertised and that the delay is due to the Portland division.

That a bill has been introduced in congress making it illegal for civilians to wear army or navy uniforms while participating in army or navy disturbances and it was ordered favorably reported by the senate military committee.

That joy-riding will likely continue during the coming summer if the price of gasoline keeps up.

HITS STAND OF WILSON ON MEXICO

Former Ambassador Says U. S. Held in Contempt.

Chicago, March 15.—President Wilson's policy in Mexico is responsible for "anarchy which has existed in Mexico for years," and was the direct cause of the resignation of Robert Lansing as secretary of state, Henry Louis Wilson, former ambassador to Mexico, declared in an address before the Agate club here today.

"It is an error to suppose that the Mexicans have ever struggled for liberty," he added. "Mexicans interpret liberty as license, and consequently the struggle has always been for loot. Mexico has never had what we call a political election. Every government has been shot into and out of power."

"President Wilson followed consistently his foolish policies by recognizing Carranza, the man who has brought Mexico to the conditions of anarchy which prevailed fifty years ago."

"No European government recognized Carranza, and for that reason they have been able to maintain their dignity in Mexico and command respect from the Mexican government. Carranza, however, lurch at the U. S. They have insulted President Wilson and they continue to insult him because they can do so with impunity."

"Since 1910 there have been 600 Americans convicted and murdered on Mexican soil and during that time not a single European has been convicted for even tried by law. The American capital has been confiscated to the amount of \$1,200,000,000."

RAIN AND WARMER WEATHER MEANS TROUBLE

Freezing means Ice Gorges and Other Troubles.

Monday was the last day for filing the income tax return and the volume of business at the local Internal Revenue office, simply swamped the office force. Bag after bag of mail was received from all over the state and the latest returns were very heavy. There has been a big volume of business for the past month, but in the past week it has increased in volume.

"The time was up at midnight last night and all that were not in at that time were liable to a fine. The returns this year will be greater than ever as very few single men, except those who went into the service, but will have to file a return, and the same holds good of the married men."

LLOYD GEORGE TO FORM NEW PARTY

Will Issue Manifesto, Says London Daily Mail.

London, March 15.—A joint manifesto to which will be signed by Premier Lloyd George and Andrew Bonar Law will be issued in a few days defining the principles of a new party to be led by the premier, says the Daily Mail. It will be accompanied by an important reconstruction of the ministry.

According to present intentions, the name of the new party will be the "National Democratic." In addition to a meeting of Liberals next Thursday, arrangements are being made for a conference for Unionists, at which Mr. Bonar Law will announce his resignation from the leadership of that party, and will invite members to join the new organization. Unionist leaders who have been adherents of Premier Lloyd George are said to have decided to support him, but there are indications that the party will not be united in support of the new combination. A revolt, under the leadership of the Marquis of Salisbury and Lord Robert Cecil, is expected.

BODY FOUND IN OPEN WELL

Former Jeweller Believed to Be Suicide.

Exeter, Me., March 15.—The body of Roscoe M. Sawyer, formerly of Somerville, Mass., was found this morning in an open well at the farm where he had resided for the past two years after an all night search. Mr. Sawyer had come to Maine for his health, and had been confined to his home by illness for a long time. While his attendance was out of his room for a short time Sunday night he rushed from the house and is believed to have thrown himself into the well immediately, as his disappearance was noted at once and search was commenced. Mr. Sawyer, with his wife and son came to this town from Somerville two years ago where he had been a jeweller. The body will be taken to Massachusetts for interment.

SHOOTS WOMAN, TURNS GUN ON HIMSELF

Boston, March 15.—A woman said to be Mrs. Mabel Gillis of Boston avenue, West Medford, was shot about 1:30 o'clock this afternoon by a man with whom she was talking in front of the American Western Company's plant, and for whom she had been waiting.

The man also fired several shots which took effect on himself.

The woman was removed to the Massachusetts General Hospital where she was placed on the danger list.

The man was sent to the Medford police station, then to the hospital. The police were at first unable to identify him. He also is on the danger list.

The man is thought to be Alonzo Miller of 507 Tremont street, Boston. He died tonight at the hospital.

Latest Dance Music for Your Victrola

The Yerkes Jazzamba Orchestra uses the Marimba to "make jazz" with. There are also a "baby-vamp" saxophone and cute little bells that tickle your ears and feet like feathers. Try these dances on your friends.

"Behind Your Silken Veil"—Medley Fox Trot
"Roses at Twilight"—Medley Waltz
Victor Double-faced Record, 18636

The proper place to "try" the following record by the All-Star Trio would be in a court of Domestic Relations. Ten bars and the "tragedies" of the average couple would dissolve in laughter.

"You'd Be Surprised"—Medley One-Step
"Keep Movin'"—Fox Trot
Victor Double-faced Record, 18641

Some other corking dance numbers are:
"Apple Blossoms"—Medley One-Step
"Carolina Sunshine"—Waltz
Played by Joseph C. Smith's Orchestra

TUG M. M. DAVIS DISABLED OFF CAPE PORPOISE

Was Towing Two Schooners;
Assistance Sent From the
"Navy Yard."

The tug Penacook, from the navy yard, was sent out on Monday night to pick up the tug M. M. Davis in trouble off the coast of Cape Porpoise.

The tug was towing two schooners loaded with lime bound from Portland to Salem and Boston, when the engine refused to work properly owing to cylinder trouble.

The crew attempted to make repairs, but were obliged to give it up and send out a call for assistance.

Captain Holt, went ashore in a small boat and landing at Cape Porpoise light, got in communication with the navy yard by telephone.

The Penacook was ordered out at 7 p. m. and when the Cape was reached it was found that the tug and schooners had drifted considerable distance toward Bladeford Pool and was located by the use of distress signals and rockets.

The disabled tug and schooners were taken in tow and brought into Portsmouth Harbor, arriving about midnight. This morning the M. M. Davis was towed to the Atlantic shipyard for necessary repairs which will be completed in a few days.

BUSINESS MEETING FOLLOWED BY SOCIAL HOUR

A regular meeting of Captain Thomas Ashton Harbison Camp, No. 3, and Auxiliary No. 9, was held at their respective halls last evening, considerable business being transacted. The Auxiliary elected Mrs. Nellie Howe as delegate to the Division Encampment at Concord in April. The joint committee on running sale reported that a sale would be held Saturday, March 20, in the vacant store on Pleasant street, off state. The joint entertainment committee will give a whist party at the N. E. O. P. hall Tuesday evening, March 30th. The Camp was invited by the Loyal Order of Moose to be their guests at the Colonial Theatre next Sunday afternoon at which time a special picture will be shown. The presiding officers requested that every voting member be present at the Encampment at Concord April 8 and 9 if possible. Light refreshments were served and a social hour followed the meeting.
